

Milwaukee Recreation

Summer Playground

at Whittier's Playground

Milwaukee Recreation will provide enrichment activities, play opportunities, and free meals at Whittier playground and at sites across the city beginning June 20, 2024 (for kids ages 6-17). Due to federal regulations, all provided meals are served seated and must be consumed by youth at the playground.

All playgrounds are operated as a "free drop-in" program. Though locations are staffed and provide many enrichment games and activities for youth, general supervision is only provided for youth who choose to stay on site. Milwaukee Recreation's playground program is not a substitute for child care or similar attendance/registration-driven programs.

Please see below for playground information and hours. Additional playground opportunities will be available at each site. Specific site information and updated schedules can be found at mkerec.net.
